CHECKED BAGGAGE ALLOWANCE (no charge) ---

Some trains offer a checked baggage service. **If you plan on checking your baggage, please arrive at least 45 minutes before departure at end terminals or 30 minutes at intermediate stations.** Also, make sure to verify station operating hours for early morning departures.

If your train does not have a baggage car, no checked baggage service will be offered. You will therefore have to comply with the carry-on baggage policy. Please refer to the carry-on baggage section for more details.

2 checked articles (per person)

Maximum

23 kg (50 lb.) each

158 linear cm (62 linear in.) each

Checked baggage includes articles such as suitcases, backpacks, sports equipment (golf bags, skis, etc.), musical instruments, and baby carriages measuring more than 25.5 cm (10 in.) in diameter and 92 cm (36 in.) in length when folded.

Maximum size and weight restrictions

We do not accept checked articles weighing more than 32 kg (70 lb.), or measuring more than 180 cm (71 in.). A surcharge will apply to each piece of baggage weighing between 23 and 32 kg (50 and 70 lb.), or measuring between 120 and 180 cm (47 and 71 in.). For oversize sports equipment (bicycles, canoes, etc.) or pets, please refer to specific sections.

Renaissance trains: Canoes, kayaks, sailboards and any article wider than 86 cm (34 in.) cannot be checked on these trains.

Also, don't forget to label each piece of baggage with your **full name, complete home address, telephone number and e-mail address.**

- Hooks, hangers, straps and sharp objects must be removed or secured so as not to catch on and damage other baggage. Do not attach loose objects to backpacks.
- All articles must be transported in their original box or in a rigid container providing adequate protection. Boxes must be fastened with a rope that will serve as a handle and can also be used to attach a baggage tag.
- Travellers must check their baggage on the train they travel on. If this service is not available, checked baggage (except pets) will be accepted on other trains on the same route.

CHECKED BAGGAGE SURCHARGES (taxes not included)

Excess baggage:

\$40 per article and per train used

Up to 3 additional articles per person

Maximum

23 kg (50 lb.) each

158 linear cm (62 linear in.) each

Oversized or overweight baggage:

\$40 per article and per train used

Charges apply to each article of baggage weighing between 23 and 32 kg (50 and 70 lb.) or measuring between 120 and 180 cm (47 and 71 in.). Skis of any length and golf bags are accepted without surcharge.

Bicycles and child-carriers:

\$25 per one-way trip (tandems: \$50)

Free box or bag included if required. Nothing may go in the container except the bicycle.

The owner is required to turn the handlebar and remove pedals. VIA does not provide tools to dismantle or to assemble bicycles. Bicycle bags may also be used, free of charge, for bicycles that cannot be boxed (pedals cannot be removed or handlebar cannot be turned). If a bicycle is not securely crated, or if other articles are placed in the box, VIA assumes no liability in case of damage.

**Household pets:
between \$30 and \$50 per train used**

Guide dogs for customers with special needs are the only animals allowed in passenger cars. **With 24-hour advance notice**, caged dogs, cats and small rodents are the only animals allowed in baggage cars. **The cage must be supplied by the pet owner and be high enough for animals to stand and turn around in. It must be rigid with holes for ventilation and locked at all times.**

It must also be identified with the owner's full name, complete home address and telephone number. Dogs must be muzzled when not in their cage. VIA reserves the right to refuse checking pets if unsafe.

Note: Baggage cars are often heated but most are not equipped with air conditioning.

From June 1st to August 31, baggage cars cannot transport animals due to lack of proper ventilation.

However, pets may be transported year-round on the *Ocean* (Montréal–Halifax), as all cars are air-conditioned.

Pets must be checked on the same train as their owner and be claimed immediately upon arrival.

On long-haul trains operated outside the Québec City–Windsor corridor, customers are responsible for feeding and exercising their pets. Please coordinate visits with the Service Manager on board. In the Québec City–Windsor corridor, only a few trains are equipped with a baggage car. Please note that visiting your animal during the trip will not be permitted.

Food and liquids must be transported in **hermetically sealed boxes** secured with adhesive tape. Perishable goods in bags or stored in styrofoam containers are not accepted. These articles must be claimed immediately upon arrival (no checkroom service). Large plastic bins are not included in this service and will be handled as checked baggage.
